The Trench Broad Hustler.

ONE DOLLAR PER YEAR

HENDERSONVILLE, N. C., THURSDAY, AUGUST 1, 1907

VOL. XVI NO.

The Chautauqua.

The stockholders of the Hendersonville Auditorium Company held a meeting in one corner of their big building last Monday night. Two kerosene lamps illuminated the darkness and enabled President R. B. Grinnan and Secretary Michael Sobenck to read their highly interesting reports. An auditing committee was appointed to go over the books, and the report of the President was received and adopted.

The old board of directors and officers were unanimously elected by the stockholders. Mr. Wm. Hewitt and Postmaster Brownlow Jackson then resigned from the directorate, stating they were unable to give the time and attention to their duties as officers which they thought should be given.

Hon. H. S. Anderson and T. R. Barrows were elected to the vacancies. As stated in this paper previously, the contract with Dr. Clarence B. Strouse has been canceled, and the Chautauqua this year will be under the direction entirely of the Hendersonville Auditorium Co.

The meeting of the stockholders was entirely harmonious. The reports were discussed at some length, the officers were commended for their earnest and sincere work on behalf of the company. A good majority of the stock was represented either by proxy or in person.

Arrangements have definitely been made for a program of the greatest interest and merit. Some of the attractions are Senator Tillman, Senator Carmack, Dr. Broughton, and others equally fine if not as well known.

The season tickets will be offered to the public immediately. There have been many requests received already for them.

The official program will be issued shortly, for general distribution.

Every indication points to an extremely successful season of the Chautauqua. The intellectual and moral uplift of the Chautauqua is undoubted. The community is greatly benefited by listening to such men as Dr. Broughton; Senator Tillman always stirs the people. The Bible Conference in connection is of greatest aid. The entertainers and the Vitaseco pictures appeal strongly to the children. And the price is but nominal—\$3.50 for the entire series.

Notice.

Notice is hereby given that application will be made to the Governor of North Carolina for the conditional pardon of Simp Dogan, convicted at the October term 1906 of the Superior court of Henderson County for larceny. This 19th day of July, 1907.

Here and There.

Sheriff John Grant and Col. Pickens are both clean-shaven now and are about the youngest looking men in the town.

The farmers are cheerful folks these pleasant days. The crops as a whole are remarkably good in Henderson county, and there are hundreds of summer visitors scattered about in the country homes. This makes the farmer feel still more contented. This is as it should be, and less money will leave the county this winter for feed, by far than last.

The ice man has his troubles, too. The Asheville Ice Delivery Company is now supplying Hendersonville with the congealed liquid. Two of their three plants broke down in that city, the local plant has been making practically none until its new water supply had been arranged for, (from the Wheeler spring,) and it has been practically an ice famine. The advance in price has also caused much complaint, but the hardest kicks came from those who wanted the ice at any price and could not get it.

The summer visitors were a bit late in getting here, but they are now arriving in crowds, and in the opinion of many the season will be much later closing than during previous years.

The Raleigh News and Observer is now a member of the "red headed" family of newspapers. The steamed Charlotte Observer recently remarked that it did not like "red-headed" newspapers, which is tough on the Hustler and the Raleigh News and Observer, or the Hustler, which ever you please.

Statistics gathered at Northern resorts show that each year the mountains are gaining in popularity over the sea shore. More people are spending their vacations in the mountains this year than ever before.

When one hears of the terribly temperature of the South, the deaths from excessive heat in the North, one is apt to appreciate this wonderful climate still more. The pleasant warm days of Hendersonville are succeeded by such glorious nights that it is a wonder the whole world does not move into Henderson county. And a great part of them would if they were aware of the unequalled climate of the county.

Ex sheriff Williams has been spending a few days at Sugar Loaf, returning Monday. He brought with him the first piece of money he ever received, a quar-

ter dated 1825, given him by his grandfather at the age of three years, and carefully preserved ever since, over a half century.

Noble Johnson says he firmly believes that each and every telephone subscriber in this city has entered into a conspiracy, to telephone the ice plant, every morning at nine o'clock, asking why ice has not been delivered.

The superintendent of the Methodist Sunday School was absent from his accustomed place last Sabbath. His little son was present, however, and asked by the minister as to his father's whereabouts. The room was perfectly quiet and the boy's answer rang out shrill and clear: "My father? Why, he's gone to the ice factory after ice!"

The Electric Road.

It is said that the electric road between Asheville is an assured fact. Particulars will appear next week.

The Hotel Wheeler.

The Hotel Wheeler had 125 guests for dinner last Sunday. Guests are coming in rapidly and this famous hotel is filling up rapidly.

Mr. Sam F. Wheeler, the genial proprietor, looks for an exceedingly prosperous season this year, altho' it maybe a trifle late.

John Storm, of Columbia, who made such an enviable reputation as the leader of the Wheeler's orchestra last season, arrived in town Monday, and has charge of the orchestra again this year.

Water for the Horses.

WANTED—in Hendersonville, a place where the farmers of Henderson county may water their horses.

For fifteen years the farmers and others have been making use of that lot back on Shepherd's store. The fine well there which once supplied the thirsty animals with water has fallen in and is no longer in use, so there is no place in town, except they go to the creek where the men who came to town to spend money, or see the doctor, or pay their taxes, or subscribe to their favorite paper (The Hustler) may water their animals.

There ought to be several such places, and if the authorities or some one will provide such a convenience the men from the county will rise up and call him blessed.

Re-union.

The Pleasant Hill Reunion will meet at Pleasant Hill cemetery on Friday before the third Sunday in August. At 10 o'clock, devotional exercises led by F. M. Huggins, followed by decoration. Dinner on the ground, and then short talks. Everybody invited.

J. S. HEFNER, Chairman
J. T. DRAKE, Secretary

The Electric Lights.

The City Council will consider the electric light service at its meeting, tomorrow night, Thursday, Aug. 1st.

The Council meets in the City Hall, at about 8 o'clock.

R. M. Oates, manager of the Electric Light Company has been invited to be present.

The Council and Mayor Schenck wants every citizen present who has, or who thinks he has a grievance against the company, and state their side of the case.

The authorities have promised to consider the matter, but seem to want the citizens themselves present to make their objections.

It is believed a large number of business men and others interested will be present.

It is said two propositions from outside capitalists will be submitted to the council, either at the meeting or very shortly, looking to the establishment of a new plant here.

From Superintendent Bangs.

Superintendent Bangs, of the Electric Company, made the positive statement to this paper that by Saturday of this week there would be sufficient power for all demands. He said that the repairs and improvements at the dam were nearly completed and that the steam plant in town would be ready before that time. The dam at the Falls is being raised six feet.

Election.

There are three petitions for a wet and dry election being circulated in town.

The city authorities are making earnest and energetic efforts to stop the illegal sale of liquor in this town, and the heaviest sentences will be meted out to those caught and convicted.

The city authorities are now in communication with the federal authorities and also with Solicitor Spainhour in reference to the United States government licenses held here. Section 2060, Revised of N. C. laws states that the possession of such a license in a dry town is prima facie evidence of guilt. Of course this would not apply to the drug stores, who have a state license.

Clarke Haw. Co. have the great Majestic Range in operation at their store all this week. This peerless Range is the only cooking range shown at the Jamestown Exposition. It has no equal. Call and see it whether you wish to buy or not.

Bible Talks at the Auditorium.

For the past two weeks, Rev. R. V. Miller of this city, has held the attention of good audiences in two short services, daily at the auditorium.

Mr. Miller is a close student of the Bible, a consecrated Christian gentleman, in the light of whose ability and eminent attainments in Biblical research, hundreds of attendants upon these meetings have experienced the impulse of a renewed interest in "Searching the Scriptures." While to Mr. Miller many cordial and repeated invitations come from various circles of evangelical church workers in the United States and Canada, we are pleased to know that his engagements for the present summer season have been so favorably distributed as to permit his appreciative friends in Hendersonville to share gratefully in such valued service.

Confederate Veterans!

Don't forget August 8th, at Horse Shoe. We will hold our annual reunion. Hon. Locke Craig will be there to make an address. Be sure and come and bring all the friends with you. We want all the people to come and be with us and have a good time. We want the editors of all the papers to come and enjoy the day with us. Be sure, all of you, to bring your basket full of good old country cooking so our friends can enjoy themselves.

J. M. SHEPHERD, Adj.
A. CANNON, Pres.

Business

Young man meets a maiden. Gets acquainted with her. That's his business. She loves him. That's her business. They get married. That's their business. They need a Majestic Range To start housekeeping with. That's our business. As we sell them.

The Clarke Hardware Co.

The Von der Leth Ice Cream and Soda Water Parlor keep always on hand a variety of Creams and Sherbets.

Lost--Reward:

A two year old red steer strayed from our pasture, 2 miles from town on Flat Rock road. Went East, across railroad towards Blue Ridge. Weighed about 530 lbs. Reward if returned to Justus & Johnson, City Market House.

Personals

Frank Morris, who has so many friends here, is home from Salisbury, on a visit to his relatives.

The Wanteska Trust Company will sell some fine city property at auction on next Monday.

P. B. English is confined to his home by a serious attack of illness. His many friends trust soon to see him out again. Dr. L. H. Snider a well known veterinary surgeon of South Carolina has rented the Clover Patch cottage for the season.

W. D. Christy, of Balfour, is establishing a reputation as a grower of early tomatoes. He had a basket of beauties in town recently.

The pastor of the Methodist Church and a number of laymen will, this week, attend the District Conference in Weaverville, N. C.

L. D. Beale of Richmond, assistant superintendent first district Southern Division of the W. U. T. Co., has been in town for a few days.

Henry Jordan, E. C. Jordan, Mr. Gibson, Miss Helen Smith, Misses Gibson, Miss Stackhouse, Mrs. Gibson chaperon went to High Falls last Monday on a camping trip.

The eight annual ball of the Hotel Wheeler will be given on Friday, August 2nd. Many people from out-of-town will be present, and this long looked for social event promises to be especially enjoyable this year.

Capt. Tom recently received a souvenir postal from Columbus, Ohio, showing a very beautiful monument erected in that city with the inscription, "2250 Confederate soldiers are buried in this enclosure." This is certainly in good taste and is as it should be.

Mr. and Mrs. Geo. H. Seawell, Mineola, Texas, are visiting Mr. and Mrs. J. B. Seawell. Mr. Geo. Seawell is a well known railroad man of Texas, and is now enroute to New York on business.

The Wanteska Trust Company will hold their first auction sale of desirable city property, on Monday, August 5, at 10 o'clock. The company has chartered the dummy line for this occasion and no fares will be collected from those going to the sale.

John C. Rigby, Jr., of Spartanburg, a partner of J. C. Morrow, died in that city on Saturday last, age 28 years. He left a wife and two children, and has many friends in Hendersonville. The funeral was one of the largest at end d ever held in Spartanburg.

COMING COMING COMING

The Great Johnny J. Jones Exposition Shows and Wild Animal Exhibit.

11 BIG FEATURES SHOWS 11
